To: All CAIG Laboratories' Distributors, Customers, and Friends

Subject: CAIG Laboratories Removed PFAS Materials from its Few Affected Products.

Dear Valued Distributors, Customers, and Friends,

We would like to take this opportunity to inform you of an important development regarding our product lines and environmental initiatives.

As part of our continued commitment to environmental responsibility and sustainable business practices, CAIG Laboratories has eliminated all PFAS (per- and polyfluoroalkyl substances) materials from its products, manufacturing processes and facilities.

The elimination of all PFAS materials reflects our dedication to reducing environmental impact and promoting safer, more sustainable solutions for our customers and communities. It is important to note that CAIG Laboratories eliminated the PFAS materials voluntarily and not as a result of any new regulatory requirement. Our goal is simply to lead by example and ensure that our products align with the highest environmental and ethical standards.

Thank you for your partnership and ongoing trust in CAIG Laboratories. Should you have any questions or concerns, please contact your account representative or reach out to us directly at either Info@CAIG.com or via telephone (858) 486-8388.

Thank You for Your Continued Support,

The CAIG Laboratories Family
